

## EXPRESSION HORIZONTAL Large dimensions boards

Designed for classrooms, meeting and training rooms that want large wall surfaces for writing, displaying and projecting that are accessible to everyone but have a tight budget.

The EXPRESSION HORIZONTAL wall consists of a high and a low module that are juxtaposed horizontally to form a single panel that can cover an entire wall. It allows an image to be projected onto the upper module without being disturbed by a vertical junction profile.

### Benefits

**LARGE DIMENSIONS:** Juxtapose two modules, top and bottom horizontally to cover a wall over a height of 2 m and a width of 2 to 4 meters.

**PROJECTION :** Projection sur le module haut sans être gêné par un profil de jonction vertical.

**ENVIRONMENTALLY-FRIENDLY AND SUSTAINABLE:** Eco-friendly materials such as the e3 enamel surface, guaranteed for life\* and 99% recyclable, which offers greater resistance to scratches, bacteria and chemicals. \*Under normal conditions of use.

**AVAILABLE IN MARKER OR PROJECTION WHITE AND CHALK GREEN:** Marker or projection white for writing with markers and projecting, chalk green for writing with chalk. Check out our guide.

**MAGNETIC SURFACE:** To display using magnets.
