

**The Vertical Expression Wall offers an innovative and clever solution to material and financial constraints. This board is made up of several panels that are assembled during installation. For example, a 200x400 cm board is delivered in 4 panels, each measuring 200x100 cm. A white connection profile is present between the panels.**

## Details

**LARGE DIMENSIONS :** Juxtapose two start/end modules and one or more H2xL1 m central modules to cover a wall according to the desired width.

**EASY TO RECEIVE AND INSTALL:** The delivery and installation issues related to big sizes boards made of a single panel were a real restriction to their use in meeting rooms. Indeed the transportation per unit of boards bigger than 4m results in 70 per cent of cases in damages against 0.5 per cent for boards smaller than 2m. Packed in several modules easy to deliver, to receive and assemble.

**ENVIRONMENTALLY-FRIENDLY AND SUSTAINABLE:** Eco-friendly materials such as the e3 enamel surface, guaranteed for life\* and 99% recyclable, which offers greater resistance to scratches, bacteria and chemicals. \*Under normal conditions of use.

**AVAILABLE IN MARKER WHITE AND CHALK GREEN**

**MAGNETIC SURFACE:** To display using magnets.

**HOOKS TO HOLD MAPS/PAPER PADS**

## Materials

e3 enamelled steel surface vitrified at 800°C.

Discreet 7 mm junction profile in white lacquered aluminium.

Backing made from high density chipboard (8 mm), certified to PEFC, recyclable to 99%.

Counterbalancing with galvanized steel which maintain absolute flatness of the panel over time.

Bonded using polyurethane glue with absolutely no VOCs.

Side frame of the start or end modules made of smooth anodized aluminium.

Lower and upper profiles ( map holder) in anodised aluminium. The upper and lower profiles are connected by connecting pieces and covers hide the junctions.

Protective caps made of grey plastic.

## Certifications & warranty

Board: 2 years / Surface: for life.

The product is certified to EN ISO 28762 and EN14334, NF Éducation and NF Environnement.

The chipboard is certified to PEFC.

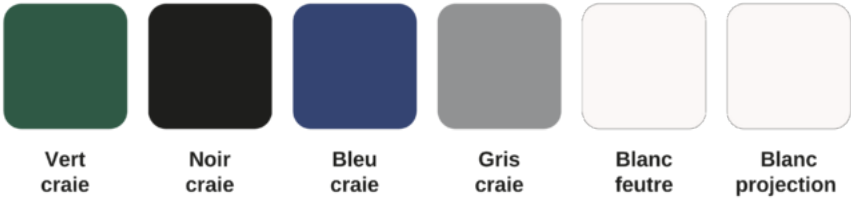

This product is manufactured in a French factory which is certified to ISO 9001, ISO 14001 and ISO 45001.

M2 fire rating.
