**Collection MONDI**  
Collaboration and communication solutions

# Mondi Collection

The Mondri Collection is a range of products developed to create any desired work environment, providing a link between the personal and the collective work space. The products of the Mondri Collection are composed out of modular elements, so different types of surfaces and materials can be incorporated, based on specific and user preferences.

## Let your teams control their workspace

Today's workplaces are evolving towards more collaborative and dynamic spaces, driven by open communication and innovation. The Mondri Collection offers a genuine solution to this evolution in working methods. It enables rapid transformation of environments, by facilitating the transition from one activity to another and increasing productivity and collaboration. Hold a meeting and then brainstorm, workshop or sprint. Need time to work with more focus? No problem! Create a quiet space for more intimacy.

# Happy team, productive team

Offering a good quality of life at work today contributes greatly to recruiting and keeping employees. Employees want to feel at work as if they were at home. The Mondi Collection, which is both decorative and functional, perfectly meets these new requirements for flexibility, ergonomics and user-friendliness of workspaces. And improving the well-being of employees naturally impacts their performance.

# A unique experience

By expressing the company's values, the workspace reinforces the sense of attachment, helps maintain employee commitment and transforms them into brand ambassadors. The Mondi Collection makes it possible to create a very unique and personal concept. Share the history of your company by composing a unique combination using a wide range of colours and materials.

MONDI

**GALLERY**

Architectural, MONDI GALLERY provides the freedom to invent its own solution to adapt to its own needs. At a time when every square metre must be optimized and collaboration must be the focus of the company, the board can no longer be ignored - quite the contrary. Get the best from the walls to which the MONDI GALLERY offers both a functional and an aesthetic dimension.

Streamline vertical workspaces such as partitions by manipulating surfaces, colours and functionalities (writing, display, projection, integration of technologies such as LCD touch screens, acoustics, plant decoration). Finally create a unique and inspiring space!

Designed to encourage movement and collaboration, MONDI MUZE is a mobile partition that can be flexibly moved from one configuration to another according to the needs of the workspace thanks to its wheels. It is double-sided and can be composed of writing and display surfaces, a plant wall or acoustic panels.

**MUSE**

### Enamelled steel

Guaranteed for life and 99% recyclable, e3 enamel steel offers, in addition to absolute writing and erasing comfort, a magnetic display and increased resistance to scratches, bacteria and chemicals. You can choose between felt-tip white or projection, green/black/blue or chalk grey, depending on your needs.

### Glass

This ultra-smooth and bright glass provides an elegant communication surface that is easy to write on and to maintain, which provides a magnetic display. Available in an infinite range of colours and decors thanks to digital printing.

### Cork

Cork offers a natural and warm surface which can be used for displaying notes, memos, pictures and other documents, using push pins. Made out

**Acoustic**

The vertical absorbers, made of high-density recycled glass wool, reduce echoes and improve speech clarity to create optimal indoor acoustic comfort.

**Lichen**

Stabilized lichen adds a very graphic green touch. It is available in more than 26 colours and needs neither light nor watering.
